Thanks for considering me for your photoshoot. As you can see from my website; I shoot a wide range of subjects for a mixture of clients and have a variety of fee structures to cover the different types of photography I do. Below are package options, for Event Photography, Headshots & Portraits and Hospitality Clients, which is a simple way to help you price up a shoot,

No two jobs are ever exactly the same, so it's always best to book a call and discuss your exact requirements in more detail before I can confirm the exact quote. The call is also a great chance for you to ask any questions and tell me more about your shoot and see if I am the right photographer for you.

I do not 'price match', as I believe the high-quality service I give my clients is worth the investment and choose to work with those who value that. This doesn't mean I am not open to working with those on a tighter budget, i.e. small charities, independent businesses, start-ups etc; or offer preferential prices for bulk bookings; it just means, I like to work with clients who aren't shopping around for the cheapest possible option, *above* quality and service. If you want to understand more about my business ethos, please read: [MY PROMISE TO YOU](#).

PRICES

Events (*Parties, Conferences, Awards, Open Days etc*): Unlimited photos are taken. Then I select all the good images, colour grade and crop them and run them through post-production. They are then uploaded to my client gallery for you to view and download (and share with attendees if you wish). You get to keep all the final images, with unlimited use. View my prices here: [Event Packages](#)

Headshots & Portraits: Sessions can be arranged for an hour, half or full day depending on how many people and the style. Please refer to my specific info sheet for details and pricing here: [Headshot/Portrait Packages](#)

Always read the 'SMALL PRINT'.....

- Fees can be negotiated for jobs over several days or large projects. Costs for an assistant will be additional, only if required - usually an allocated member of staff is able to give me a hand setting & packing up.
- Advanced retouching (i.e. removal of items, cutting and pasting objects, changing backgrounds) will incur retouching fees of £50 per hour. You will be sent an estimate before work begins.
- Travel outside London is charged at 45p/m. Travel time, after the first hour, can be included as part of the half-day or full-day fee or charged at £25ph if it's outside that. Inside London, a car is only needed when lots of equipment is required or it's a later finish, and then parking/congestion fee, or a taxi where it's easier/more cost effective, will be charged. I try to avoid travelling in rush hour - squeezing on tubes with camera gear is no fun and sitting in traffic helps no one; so, if the time is flexible, I prefer to arrive after 9:45am & finish before 4.30pm or after 6pm.
- T&Cs apply. The copyright of all photos taken remains mine under UK Law. When you commission me, you are given usage rights, which will be laid out in your quote. I will ask you to sign a contract to secure the booking. Payment is required after job completion for established businesses and upfront for individuals.
