Love & Life London Photography by Susannah Fields

You're visiting one of the best cities in the world, full of beautiful historic sites and hidden gems. So, what could be more perfect to complete your trip, than a photoshoot, with a professional London photographer?

After a consultation call, I shall plan a shoot for you, based on your preferences, and create some magical photos for you to treasure.

I have also captured several secret proposals, so if you're planning to pop the question – I can help it run smoothly for you and have even perfected the art of hiding behind trees, with my camera!

Other services I offer to visitors are London photo tours, social media hot spot guided shoots and photography workshops, with the city of London as your backdrop.

Check out my photo gallery with a selection from clients shoots here: <https://susannahfieldsphotographyltd.pixieset.com/loveandlifecollection/>

Please look at the packages below and email me hello@flashfields.co.uk or call **020 7263 2239** or **07766 241763** for friendly chat and brainstorm some ideas together for your shoot. If you want something different as well, please do just ask.

	London Photo Shoot Family, proposal, romantic, social media hot spots and any Theme – such as floral London, film lovers London, historical London, Christmas in London, etc.	London Digital Photography Training Learn to take great photos or take your photography to the next level with a training session around London. Phone, DSLR, Mirrorless and Micro 4:3 cameras are all acceptable.	London Photo Shoot + Training Combo Combine photo training and get pro photos along the way. If you're with family or friends, it's also a great chance for you to capture some photos of them, with my help! You can also get tips and tricks along the route – let's make a bespoke plan...
Time	Allow approximately 2 hours.	Allow 2-3 hours altogether – depending on group size, route & how fast you learn!	Allow approximately 3 hours.
Pre-Shoot	Initial phone/video consultation to help plan your shoot. I'll also send you a photo tips sheet to help you prep.	Initial phone/video consultation for me to ascertain your photography knowledge and plan a workshop around your skill set and/or what you want to learn. We'll also decide a location, based on your preferences. The Small Print

- The price quoted in my packages above are all inclusive and there is no tax added. However, if you do want something different, please ask for a bespoke price.
- 50% is required up front to secure the booking and is non-refundable. The balance is due a week before the shoot and is then non-refundable.
- Usually, we travel by foot on our shoots and can cover as little, or as much, mileage as you wish. However, you may also hire a taxi, at your own expense, if you want to cover more ground, have accessibility challenges, or are simply tired. I can also arrange a private hire vehicle if needed.
- If you wish to shoot on private premises, such as Kew Gardens, you must cover entry costs. Most of London is free, but some places are restricted.
- If it looks like BAD weather on the day of our shoot, we can reschedule, with no costs incurred to you BUT this must be agreed at least 24 ahead, not on the day itself. I will keep in touch with you and on 'weather watch' before, if it's looking uncertain. If we must go ahead, due to schedules, and shoot in not ideal weather, I have London umbrellas and know some great undercover locations - so we'll make the most of it - and a rainy London photoshoot *can* be quite beautiful!

- Sickness and unforeseen circumstances happen. I will do my best to accommodate you in this case, but I reserve the right NOT to offer a refund if you cannot make the shoot and we can't find another suitable date.
- If for any reason, I am no longer able to make your shoot date and we cannot find another suitable date, you will be given a full refund.
- If you wish to order a bespoke album, frame or photo box made after your shoot, I have several products, which I design myself and have printed by professional, independent company in the UK. Prices start from £250. Please ask to see samples and get a quote if you are interested in having a product made.
